Christopher J. Snider, P.E., Radiation Safety Officer	Burns & McDonnell Engineering Company, Inc. P.O. Box 419173 Kansas city, MO 64141-6173	816-822-3534 FAX -333-3690

SUBJECT
Control No. 317283- Re - Amendment request by letter dated June 18, 2008, regarding request to terminate their NRC license, License No. 24-26722-01.

SUMMARY
In a telephone conversation with Mr. Snider on this date, he confirmed that the three moisture density gauges with non leaking sealed sources, based on current leak test records provided by the licensee, which were all transferred to and received by Geotechnology Inc. of Overland Park, KS on May 23, 2008, were the only gauges/licensed material they had possessed and that they no longer possess any licensed material. Attached to the letter dated June 18, 2008, was a copy of a current license issued by the State of Kansas to Geotechnology Inc., authorizing their possession of the make and model of gauges transferred.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this conversation record will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

ACTION REQUIRED
License reviewer to utilize the above information in evaluation of subject amendment request.
