Subject: Request from the Council on Radionuclides and Radiopharmaceuticals to Extend the Comment Period on the Petition for Rulemaking-50-90 from the National Resource Defense Council.

Project Number: 689

Dear Madam Secretary:

The Nuclear Energy Institute (NEI) supports the August 4, 2008 letter request from the Council on Radionuclides and Radiopharmaceuticals (CORAR) to the U.S. Nuclear Regulatory Commission (NRC). Specifically, CORAR requests an extension of the public comment period on the Petition for Rulemaking (PRM) filed by the National Resource Defense Council (NRDC) on the civilian use and export of highly enriched uranium (PRM-50-90). NEI member companies, some of whom are CORAR members, represent a wide variety of industries that would potentially be impacted by an NRC decision on the petition. As such, we respectfully request an extension of 45 calendar days from August 11 for closing of the comment period.

We appreciate your consideration of this request. If you have any questions, please do not hesitate to contact me at 202.739.8126; fmk@nei.org or Janet Schlueter at 202.739.8098; jrs@nei.org.

Sincerely,

Felix M. Killar, Jr.
