Subject: Amendment of License Number 45-25616-01

To whom it may concern:

As John Davis, RSO for Dominion Engineering, Inc. (DEI), discussed with Randy Ragland, NRC, on June 17, 2008, DEI, License Number 45-25616-01, wishes to amend Item 6A to read "Any byproduct material with Atomic Nos. 1 through 96." If possible, we would like to expedite this request.

Thank you.

Sincerely,
