SUBJECT: CARDIAC CARE ASSOCIATES, P. C., REQUEST FOR ADDITIONAL
INFORMATION CONCERNING APPLICATION FOR AMENDMENT TO
LICENSE, CONTROL NO. 142586

Dear Ms. Hinker:

This is in reference to your letter dated June 27, 2008 requesting to amend Nuclear Regulatory Commission License No. 45-25564-01. In order to continue our review, we need the following additional information:

1. In support of your request to authorize Dr. Sateesh Kesari, M. D. for materials permitted under 10 CFR 35.100 and 35.200, please provide one of the following, as applicable:
 - a. The previous license number (if issued by NRC) or a copy of the license (if issued by an Agreement State) on which Dr. Kesari was specifically named as an authorized user for the uses requested; or
 - b. a copy of the certification(s) for the board(s) recognized by NRC and as applicable to the use requested as required by 10 CFR 35.190(a) and 35.290(a); or
 - c. a description of the training and experience identified in 10 CFR Part 35.290(c) demonstrating that the proposed authorized user is qualified by training and experience for the use requested; and
 - d. and a written certification, signed by a preceptor physician authorized user, that the above training and experience has been satisfactorily completed and that a level of competency sufficient to function independently as an authorized user for the medical uses authorized has been achieved; and
 - e. If applicable, description of recent related continuing education and experience as required by 10 CFR 35.59. Please note that if the board certification, or training and experience, was received more than 7 years ago, evidence of recentness of training in accordance with 10 CFR 35.59 must also be submitted.

NRC Form 313A (AUD) is enclosed and may be used to document this information.

The information provided in Attachment A of your letter is not complete because 1) Dr. Kesari does not have board certification; the information does not document the required 700 hours of training and experience, of which 80 hours must be classroom and laboratory training in the topics listed in 10 CFR 35.290(c)(1)(i) and the work experience must include all areas described in 10 CFR 35.290(c)(1)(ii); and the preceptor attestation does not attest that Dr. Kesari has completed the requirements of 10 CFR 35.290(a)(1) or 35.290(c)(1).

2. Confirm that the zip code for your address should be 22031, not 22081 as is shown on letter.

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material; Regulations, Guidance, and Communications**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-888-293-6498.
