Subject: Response to phone message

Harry, thanks for the phone call, appreciate the information you provided during our meeting. I hope we answered some of your questions and that the visit was as productive for you as it was for us. Thanks again for hosting the visit. Right now we need to review what you have provided us and make sure it gets on the docket. If we need any further clarification on any of the issues I will work through Alicia, who will contact you. Thanks again.
