Subject: Preparation and Scheduling of Operator Licensing Examinations

Attached is a completed NRC Form 536 for the Fermi 2 station. This form is being submitted in response to NRC Regulatory Issue Summary 2008-16 "Preparation and Scheduling of Operator Licensing Examinations."

In a telephone conversation on July 17, 2008, Mr. Dell McNeil requested we include the preliminary dates for the Fermi 2 operator licensing examinations in 2013. For year 2013 the proposed dates are the week of September 2, 2013, as the primary date and the week of September 23, 2013, as the alternate date.

No new commitments are made in this letter.

If you have any questions in this matter please contact Mr. Timothy P. Horan, General Supervisor, Operations Training, at (734) 586-4961.

Sincerely,

A handwritten signature in black ink that reads "Joseph H. Plona".
