

August 6, 2008

United States Nuclear Regulatory Commission
Document Control Desk
Washington D.C. 20555-0001

Docket Number 50-27
Facility License Number R-76

This purpose of this letter is to transmit a communication from General Atomics declaring that a document submitted by Washington State University, "BLOOST Code Validation Report" on June 13, 2008, may be made available for public release.

A copy of the General Atomics letter authorizing release of the BLOOST Code Validation Report is included with this letter.

I declare under penalty of perjury that the foregoing is true to the best of my knowledge.

Respectfully Submitted
