To Whom It May Concern:

This letter is in response to the request for additional information received on July 28, 2008. This is a resubmission under the **Voided Control number 317186**.

The original letter submitted, informing you of a Legal Entity change for Radioactive Materials License # 24-32358-01 (SGOH Acquisitions, Inc; d/b/a Doctor's Hospital of Springfield) was submitted prematurely. It was submitted with the intent to get your written permission for transfer of control. Since that time, however, we have learned that we will not be able to operate as a non-profit organization as originally intended.

At this time, we are requesting **only a name change** for our organization from SGOH Acquisitions, Inc: d/b/a/Doctors Hospital to **SGOH Acquisitions, Inc: d/b/a Ozarks Community Hospital**. There has been no transfer of control for the radioactive sources in our possession.

Should you have any additional questions or need additional information, please contact our Health Physicist, Marcia West at 816-807-8090 or fax number 816-974-1443.

Sincerely,

Nathan L. Kester, M.D.
