Manager of Power and Engineering
500A Chestnut Street Tower II
Chattanooga, TN 37401

Gentlemen:

SUBJECT: WATTS BAR EXAMINATION REPORT

On February 13 - 17, 1984, the NRC administered examinations to employees of your company who had applied for licenses to operate the Watts Bar Nuclear Plant. At the conclusion of the examinations, the examination questions and preliminary findings were discussed with those members of your staff identified in the enclosed report. Copies of the written examination questions and answer key are included in this report.

A table summarizing the examination results for each examined individual is provided as Enclosure 2.

In accordance with 10 CFR 2.790(a), a copy of this letter and the Enclosure 1 will be placed in NRC's Public Document Room unless you notify this office by telephone within ten days of the date of this letter and submit written application to withhold information contained therein within thirty days of the date of this letter. Such application must be consistent with the requirements of 10 CFR 2.790(b)(1). Enclosure 2 is exempt from public disclosure pursuant to 10 CFR 2.790(a) and will not be sent to the Public Document Room.

Should you have any questions concerning this letter, please contact us.

Sincerely,

(Original signed by DMVerrelli)

David M. Verrelli, Chief
Project Branch 1
Division of Reactor Projects
