Amy:

Our webmail has issues with attachments so I am not able to look at the file you attached to this email. But I am pretty sure what you are referring to is a list of the entire team, many of whom will not be coming to the audit. The audit schedule I sent earlier this week (with the names in tiny font at the top of each day) has all the known attendees with one new addition:

Jay Lee will be working with Van Ramsdell on Meteorology and Accidents. Evidently the Rev 5 of the DCD has created some new concerns with new dose calculations. He probably won't be there for the entire audit.

We have also had a request for two fairly new people from the rad health area from the NRC staff to come (they are actually in a different division than our group as they mainly are involved with the safety reviews.) I am trying to catch up with their branch chief. Grand Gulf and North Anna are not the best audits for attendees whose main purpose in attending is training. But if they are coming because of their part in the review, then I will let you know by Tuesday.

We will also let you know as soon as we can the names of agency attendees and the time frame of their participation.

Hope this is clear. Let me know if still questions about attendees. I'll be in touch.

Tami

Hi Tami,

In regard to the NRC/PNNL Team coming for the audit, is there a later version of the attached file? I just want to make sure I have my numbers right. Also, we will be making name tags for everyone, so I want to be sure I have all the names.

I know you are busy this week with training. Please let me know when you get a chance.

Thanks,
Amy

Thanks, Tami, for the team listing. Sorry, I didn't respond earlier. Key team members on cc: to this email, FYI.

Guy:

If you don't mind, please let me know that you received this to make sure I have your email address correct.

Thanks.
