Tami,
Understood.

We're working on firming up the transmission ROW tour date (starting with Tuesday as first choice), tour stops, duration, and features (thus, supporting NRC team decision on who is interested in tour). I will advise you as soon as I have any information of value for you.

Guy

Guy:

As soon as you know a little more about when the transmission line tour will be, can you let us know. Our ecologists and land use people are probably going to arrange a meeting with state and federal agencies (or either those representatives will make a visit to the site audit) and we need to work around the transmission system tour.

Thanks.
Tami
