Guy

I think the strawman schedule is urgent (as also - all the info needs). I am working on it.

The meeting yesterday I was referring to was the drop-in Eric and Tom arranged. Eric forgot to put me on the cc of the email announcing the time.

So if you are going to be around today, can we catch up for a quick chat?

Tami,
Good morning.

Yes, I was at the "generic COL issues" mtg (Bill Reckley) Thursday. Informative in many ways. There will be on more segment this morning, starts at 0900, dealing with R-COL and S-COL interface, though I don't know the details of this item, but should be interesting.

Not real urgent, but do you think we'll see the "strawman" audit schedule for June soon so we can review?
Thanks,
Guy

Guy:
Someone else is working late tonight.

Were you in that meeting today with Eric Oesterle? Mark Tonacci had told me he was going to let me know today what time, but I never heard and could not find either of them until around 5PM. (I think one of them thought the other had contacted me.) So... I wasn't avoiding you guys - just not kept up to speed on time or place of meeting. But I had given Eric and Mark the information for Environmental Review schedule, so hopefully all was well with that.

Anyway - Amy has sent the appointment for the next two weeks. I will forward to Darby and his assistant at PNNL. Darby is out on Monday, but his assistant - Terri Miley will have the feedback from our conversation yesterday.

Talk to you on Monday.

Thanks, Tami, for the team listing. Sorry, I didn't respond earlier. Key team members on cc: to this email, FYI.
