**Subject:** Call with ESBWR Applicants 7/15/08

A call was held this morning members of Grand Gulf, Dominion and other ESBWR applicants regarding questions from the hydrology audit. The discussion centered on unresolved topics from the June 16-17,2008 Hydrology audit. Grand Gulf representatives requested to know how much additional detail the staff would need on issues 7 and 21. However, the staff technical representative was not able to be present to respond to the questions. Grand Gulf representatives provided their expected response times for all of the open issues. A follow up call may be held in the future once the staff technical representative is available.
