**Attachments:** Draft GG Site Audit Review Schedule.doc

Amy:

### Schedule update:

Attached please find most recent changes to site audit review schedule. Primary change is correcting the schedule for Friday. If it is ok with Entergy/Enercon folks, we plan to follow what was done at North Anna and have the Close Out Session at 11 AM (give folks like the hydrology and socio folks a bit more time to wrap up.) Also, because of flight times of many of the people, we would like to move the official ending time to 11:30PM (although there may still be loose ends to tie up after that.) I am staying in town and won't leave until Sunday.

Other changes have to do with more clarification to team on where different activities are (mainly pointing out the activities are at Entergy HQ.)

### Wireless Connections:

I am waiting for a return phone call from Terri Miley and will call Guy Devant with the SSN numbers when I get them.

thanks.

Tami
