**Cc:** Guy Cesare  
**Subject:** native file format issue reference

The guidance on electronic submittals is accessed from:

<http://www.nrc.gov/site-help/e-submittals.html>

Specifically Sections 2.3 (pgs 10-12), 2.17 (pgs 21-22), and 2.23 (pgs 24-25) of the "Guidance for Electronic Submissions to the Commission" Rev. 3, provides limitations on file formats. Section 8 also provides guidance specific to COLAs but so far that section is not problematic regarding requests for native files. The ESP problems were primarily associated with NRC staff requests for TIFF files; NRC guidance as enforced by NRC Document Control says TIFF must be converted to \*.pdf and submitted as \*.pdf. The ESP do-loop was created when NRC RAIs asked for TIFF native files for the already-docketed \*.pdf files in the application; when the \*.tiff were submitted, NRC Document Room rejected the TIFF files and said they had to be submitted as \*.pdf; resubmittal as \*.pdf was non-responsive to the RAI and merely would send files NRC already had.

Since the COLA is subject to an adjudicatory proceeding, other electronic guidance (linked from same web page) becomes applicable and problems with submittal rejection cascade into those areas.
