Amy:

Only other scheduled thing about which I am aware is the National Park Service discussions on Tuesday morning at 8:00, although that would be such a big group, I'm guessing that will be in main room??

I don't have anything else listed yet. I guess the discussions about where NRC is with the Memorandum of Understanding with the Corps - we are just going to play that by ear. Anytime after lunch on Wednesday as Rich is probably tied up until then with his other responsibilities.

Darby & Terri - am I forgetting something?

thanks.
Tami

Tami,

Just to follow up – we can accommodate the additional attendees for the Tuesday tour, as we discussed during yesterday's call.

We are still looking into the additional Tuesday Tour Stop (50-inch Oak Tree). I should know late today on that.

The revised schedule is currently with Entergy for review. I should be able to get this to you later today. I went ahead and scheduled Hydrology (FSAR 2.4) in a specific room on the schedule. Are there any other Audit topics that should be scheduled in a specific room? Other than Need for Power – I did schedule that for Wednesday afternoon in Conference Room 105/106.

Thanks,
Amy
