Tami,

Yes, other NRC staff can use your laptop, as needed, without you present. Same for PNNL.

Guy:

thanks so much. Jessie and I will set up for use by the rest of the NRC staff. Jessie and I will login for everyone (NRC) else who needs to use internet. But I assume since is NRC staff, we don't have to physically stay with them while they use the laptops. And will situation be same for PNNL (people who were cleared get the passwords, but don't have to physically be present if others use after login complete.)?

I have obtained temporary user IDs for the folks who've requested access to the Echelon wireless network. Once onsite, Entergy IT will need to configure their laptops. IT has told me that successful access is dependent on the wireless cards installed in the laptops. Hopefully, we won't have any problems. I have IDs for Tami, Darby, Jessie, Terri, Lance, Amy, and Jennie.
