Tami:

Attached is the revised audit schedule. I moved the Rad Health discussion to Tuesday, per the PNNL request. I also added the Transmission discussion that we talked about this morning (affecting multiple disciplines). In addition, some other admin/editorials. I used track changes so you can see my edits.

Thanks,
Amy

Amy:

We have a request from the PNNL Rad Health team to move their scheduled meeting, if possible. See message below.

Terri,

My only request for the Rad Health Schedule would be trying to move the Rad Environmental Monitoring meeting with John Lassetter currently scheduled from 3:00 - 4:00 Wednesday afternoon to sometime on Tuesday. Anytime Tuesday morning or Tuesday afternoon after the radwaste discussion (which should be over by 2 PM) would work.

Thanks,

Greg
