SUBJECT: E. I. DUPONT DE NEMOURS & CO. (INC.), LICENSE AMENDMENT,  
CONTROL NO. 142707

Dear Mr. Van Aken:

This refers to your license amendment request dated August 13, 2008. Enclosed with this letter is the amended license. **Please note that Item 8 of the amended license is modified in accordance with current NRC policy.**

In your letter dated May 12, 2008, you did inform NRC that your Radiation Safety Officer (RSO) had left the site and that you will be assuming his responsibilities as RSO. However, this office did not receive a formal request from your organization to name you as the RSO on the license until August 13, 2008. Please be reminded that NRC regulations require that a licensee notify the NRC of such changes in a timely manner.

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Current NRC regulations and guidance are included on the NRC's website at [www.nrc.gov](http://www.nrc.gov); select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material**; then **Regulations, Guidance, and Communications**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-888-293-6498. The GPO is open from 7:00 a.m. to 8:00 p.m. EST, Monday through Friday (except Federal holidays).

D. Van Aken
