Mr. Harold R. Denton, Director
Office of Nuclear Reactor Regulation
Nuclear Regulatory Commission
Washington, DC 20555

Dear Mr. Denton:

As stated in my letter to you dated September 6, 1985, you will find enclosed three NSRS reports containing Safeguards information (R-82-01-PSS, R-83-16-NPS, R-84-06-NPS) and one report labeled Administratively Confidential (I-83-01-WBN).

Because the enclosures identified above contain physical security related information and information concerning personnel and/or medical information, the disclosure of which would constitute a clear unwarranted invasion of privacy, we request that these enclosures be withheld from public disclosure in accordance with 10 CFR 2.790.

Please detach and complete the acknowledgement portion of the Safeguards and Administratively Confidential Information Transmittal Sheet attached to each report and return it to the designated individual.

When you no longer need to retain these four reports you may either return them to TVA or destroy them with an acknowledgement to TVA.

If I can be of further service, please let me know.

Sincerely,

W. F. Willis
