Gentlemen:

In the Matter of ) Docket Nos. 50-327 50-390  
Tennessee Valley Authority ) 50-328

WESTINGHOUSE ALLOY 600 THERMALLY TREATED (TT) STEAM GENERATOR  
MECHANICAL TUBE PLUGS

This letter is provided in response to a request from Tim Reed of your staff concerning recent field experience with Westinghouse Alloy 600 thermally treated (TT) mechanical plugs.

TVA has verified that this issue does not impact either Sequoyah Nuclear Plant Units 1 and 2 or Watts Bar Unit 1, since all installed Alloy 600 TT mechanical plugs have been replaced in all steam generators.

Sincerely,

Everett W. Whitaker  
Acting Manager  
Corporate Licensing
