U.S. NRC RGN.-II
ATLANTA, GA.

Dear Mr. O'Reilly:

Enclosed are five copies of Revision 10 of TVA' Generic Security Personnel Training and Qualification Plan which is applicable to Browns Ferry, Sequoyah, Watts Bar, and Bellefonte Nuclear Plants. This revision is being provided in accordance with 10 CFR 50.54(p).

Revision 9 of the plan was submitted to you by TVA letter from L. M. Mills dated September 21, 1984, in accordance with 10 CFR 50.54(p). By letter from J. A. Olshinski to H. G. Parris dated November 16, 1984, we were informed that Revision 9 lacked sufficient detail for a review of consistency with the provisions of 10 CFR 50.54(p). In response to that letter and its enclosure Revision 10 was prepared.

The enclosed information is being sent by registered mail. The signed receipt signifies that you have received this information and acknowledge that it contains safeguards material and should be withheld from public disclosure as defined by 10 CFR Part 73.21. This receipt will also be taken as verification that your copies of the plan have been updated and the superseded material has been destroyed.

If you have any questions, please get in touch with Dennis McCloud at FTS 858-2725.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
