Re: Control Number 317182
Indiana University South Bend Radiation Safety Officer

**DEPARTMENT OF
BIOLOGICAL SCIENCES**

This is to confirm that I am willing to assume the responsibilities of Radiation Safety Officer for Indiana University South Bend, effective immediately, replacing Andrew Schnabel who has been the RSO for the past several years. He has given me all the relevant documentation and instructed me in the duties and responsibilities that come with this position. Should you need any additional information from me, please contact me as shown below.

A handwritten signature in cursive script that reads "Ann Grens".
