Thank you Tom.

Chris - have you had a look at the DVD in the file room - does it have what you need?

Mark

Mark,

Attached is the cover letter for the July 24th submittal containing electronic files addressing hydrology safety audit information needs. The files were very large and are not attached to this email, but were included on a DVD enclosed with the submittal. Calculations GCALC-019 and GCALC-020 have been made available for review.

Let me know if you need anything else.

Tom

Subject: Site Audit Response Information

Tom,

Just in case the information you provided has not reached Chris Cook, can you send me your letter that provided the information that was discussed as being needed during the site audit. If not the letter, when it was sent so I can find it in our system. Just want to ensure our call tomorrow is as productive as possible.

I know that Chris is specifically looking for the trip report Serial # 1 response, # 3 the topo map, and # 4. I did not see this information in your CNRO-2008-00022 dated July 24, 2008.

Thank you,

Mark Tonacci
