TO ALL NONPOWER REACTOR LICENSEES

This is to inform you that the Office of Nuclear Reactor Regulation recently had an extensive reorganization of functions and assignments.

All functions dealing with non-power reactor licensees are now focused in the Standardization and Special Projects Branch of the Division of Licensing,
J. Berggren R. Carter
The Project Manager assigned to your reactor is: H. Bernard J. Wilson

Please adjust your records to reflect the above changes. Incoming correspondence should be addressed to: Mr. James R. Miller, Chief, Standardization and Special Projects Branch, Division of Licensing, Nuclear Regulatory Commission, Washington, D.C., 20555.

Sincerely,

Original signed by
J. Berggren
James R. Miller, Chief
Standardization and Special
Projects Branch
Division of Licensing
