IMC 2505 Comment Resolution

August 28, 2008

Background

- Prior IMC 2505 policy discussions
- July 10 public meeting
- Internal and external comments
- Placeholder for safety culture activities
- Initial issuance by 09/30

Major Policy Comments

- Safety culture and associated cross-cutting issues
- Civil penalties
- Quarterly reviews
- Normalization of licensee performance in CRT considering level of activity
- Follow-up actions for plants in the right of the construction response table

Additional Comments

- Consistency of process descriptions
- Definitions
- Assessment period too short
- CRT thresholds are too high

Summary

- Issue IMC 2505 by 09/30
- Deliberate and informed in the development of cross-cutting and safety culture programs
- Incorporate additional insights and staff work into next IMC 2505 revision
