Re: NRC License 21-32094-01

Dear William:

As per our telephone conversation this morning I am sending you this letter requesting that you correct the recent materials license we received.

The license should include the following physicians:

Mohamad K. Ajjour, MD	10 CFR 35,100 and 35.200
Subhi Sbahi, MD	10 CFR 35,100 and 35.200
Majid Alzagoum, MD	10 CFR 35,100 and 35.200

I am also sending along Amendment No. 04 that shows Dr. Alzagoum was on it. Please make the correction and send me the change.

Thank you,

Denise Montrose
Manager

13. In addition to the possession limits in Item 8, the licensee shall further restrict the possession of licensed material to quantities below the minimum limit specified in 10 CFR 30.35(d) for establishing decommissioning financial assurance.

14. The licensee is authorized to transport licensed material in accordance with the provisions of 10 CFR Part 71, "Packaging and Transportation of Radioactive Material."

15. Except as specifically provided otherwise in this license, the licensee shall conduct its program in accordance with the statements, representations, and procedures contained in the documents, including any enclosures, listed below. This license condition applies only to those procedures that are required to be submitted in accordance with the regulations. Additionally, this license condition does not limit the licensee's ability to make changes to the radiation protection program as provided for in 10 CFR 35.26. The U.S. Nuclear Regulatory Commission's regulations shall govern unless the statements, representations, and procedures in the licensee's application and correspondence are more restrictive than the regulation.

A. Application dated May 12, 2003.
