Dear Ms. Ullrich:

I am writing to clarify the intentions of this practice, The Cardiology Group, NRC Materials License 06-30162-01 and Docket # 030-33588.

We had indicated in our correspondence of June 20th that we want to assume control of the practice previously known as Cardiology Consultants, with NRC Materials License 06-30811-01. The Cardiology Group has merged with Cardiology Consultants and their Materials License should cease to exist. By assuming control, we will have the address of the Hamden locale listed on our license. Our plans, possibly for Spring of 2009, may include moving the New Haven imaging facility to the Hamden address if that becomes a viable step for the practice. In the interim, the Hamden facility will not be using radioactive materials on patients nor will it have materials on site.

If you have any questions or require more details, please contact me at 203-773-3055. I look forward to hearing back from you.

Respectfully submitted,

Ann Marie Sigona ARRT
