)

Docket No. 50-390  
391

WATTS BAR NUCLEAR PLANT (WBN) UNITS 1 AND 2 - SECURITY PERSONNEL  
TRAINING AND QUALIFICATION (T&Q) PLAN

Pursuant to 10 CFR 50.54(p)(2), this letter provides Revision 2 to the WBN T&Q Plan which supersedes the T&Q Plan dated January 22, 1998, and subsequently submitted March 12, 1998. The enclosed Revision 2, dated April 12, 1999, deletes the definitions in Chapter 6 and references the definitions in the Physical Security/Contingency Plan (PS/CP). This revision deletes redundancy between the PS/CP and the T&Q plan and places the definitions in one location. TVA has evaluated these changes and does not consider this revision to decrease the overall effectiveness of the plan.

Enclosed are four copies (Nos. 6 through 9) assigned to the NRC. Copies 10 and 11 are being provided to Region II by copy of this letter. The information is being sent by certified mail, and the signed receipt will signify NRC's receipt of this information and acknowledgment that it contains safeguards material to be protected in accordance with 10 CFR 73.21, "Requirements for the Protection of Safeguards Information." This receipt will also provide verification to TVA that the superseded WBN T&Q Plan,
