Dear Mr. O'Reilly:

Our final report was submitted on June 30, 1983. We consider 10 CFR Part 21 applicable to this deficiency.

As discussed with NRC-OIE Inspector Linda Watson on October 28, 1983, the date of October 31, 1983 for completion of corrective actions indicated in our final report on this matter would not be met. Due to a delay in receiving material for insulation onsite, this date will not be met. The corrective action on this matter will be completed by February 1, 1984.
