Dear Mr. Kingsley:

SUBJECT: REPORTING RESPONSIBILITIES FOR TVA FACILITIES

The NRC has been informed that several DOL complaints have been filed by QTC employees alleging failure of TVA to enter into a new agreement with QTC based on their involvement as a conduit for safety concerns. The NRC also understands that a lawsuit by QTC alleging damage to its reputation is under appeal in federal court.

At this time, the NRC has no position on the merits of the DOL complaints or the lawsuit. However, we wish to remind you of your responsibilities under 10 CFR Part 21, Part 50.55(e), Part 50.72 and Part 50.73 for the review, evaluation, and reporting to NRC of defects in safety-related equipment, materials, and services which may be identified by you at any time, including during the review and discovery process resulting from these complaints.

Sincerely,

Original signed by
