General Comment

A final rule revising Sec. 72.212(b)(5) is before the Commission in SECY-08-0099 (Final Rule - Power Reactor Security Requirements). With the staff's proposed relocation of the provisions of Sec. 72.212(b)(5) to paragraph (b)(9) in this draft proposed language, the draft language for Sec. 72.212(b)(9) should be adjusted to be consistent with the final language approved by the Commission under the power reactor security final rule.
