

August 28, 2008

Mr. Larry Green  
Director  
Lake County Emergency Management Agency  
8505 Garfield Road  
Mentor, OH 44060

SUBJECT: AUGUST 12, 2008, NUCLEAR REGULATORY COMMISSION MEETING

Dear Mr. Green:

Thank you very much for your valuable contribution to the Commission meeting regarding Emergency Preparedness. I appreciate the time and effort required to travel from Ohio to share your experiences. Your contributions were important and will facilitate the ongoing relationship between the Nuclear Regulatory Commission (NRC) and our State and local counterparts.

I want to express my gratitude to you and your staff for the hard work that went into planning the Perry hostile action-based drill, your thoughtful contribution to the Federal Emergency Management Agency and NRC focus groups, and the continued efforts to analyze and learn from the endeavor. Your thoughts on the lessons learned from the drill were insightful and appreciated by all who attended the Commission meeting. Your discussion of the importance of pre-established mutual aid agreements, and the incorporation of those agreements into the hostile action-based drills was very interesting. I was also intrigued to hear how your Radiological Emergency Preparedness drill program participation had proved useful during the recent train derailment in your community.

As we move forward with upcoming drills and proposed rulemaking, the lessons learned from your drill will be invaluable. I look forward to continuing our relationship as we work together on these important matters.

Sincerely,

*/RA/*

Roy P. Zimmerman, Director  
Office of Nuclear Security and Incident Response
