Subject: AVAILABILITY OF ABWR DESIGN CERTIFICATION DOCUMENT

Dear Ms. Hadden,

Thank you for attending the environmental scoping meeting we held in Bay City on February 5, 2008. We appreciate your interest and we value your input.

At that meeting we spoke briefly about the availability of the Advanced Boiling Water Reactor Design Certification Document that is referenced in the South Texas Project combined license application. Since that meeting we have been working to make an electronic copy available to the public. Below please find a URL that should take you to the document. If you have any questions I can be reached at (301) 415-1494.

Thank you again for your participation. I look forward to hearing from you in the future.

Sincerely,

George Wunder
