Lady and Gentleman-

The NRC is in the process of conducting its detailed review of the Combined License (COL) application for North Anna Power Station, Unit 3 (NAPS). As part of our detailed review, the NRC is conducting a Site Audit (at the North Anna site in Louisa County, VA) and public scoping meeting on the NAPS, Unit 3 COL application the week of April 14 and April 16 at 7:00pm, respectively. A DRAFT detailed site audit scheduled is attached to this email. The public scoping meeting agenda is forthcoming, but our current plan is for the meeting to begin at 700pm with a series of short NRC presentations followed by an approx. 3 hour comment period. The meeting is scheduled to be held April 16 at the Louisa County High School , 757 Davis Highway, Mineral, VA.

If you plan to attend the site audit, please let me know by Friday, March 28, 2008 COB. This is to ensure all Dominion security requirements are fulfilled. If you plan to attend just the Scoping meeting, no formal response is necessary, but I would like to know as an FYI.

If you have any questions feel free to contact me at 301-415-1878 or [alicia.williamson@nrc.gov](mailto:alicia.williamson@nrc.gov)

Thanx
