Importance: High

The NRC is in the process of conducting its detailed review of the Combined License (COL) application for North Anna Power Station, Unit 3 (NAPS). As part of its detailed review, NRC would like to meet with interested stakeholders from the Commonwealth of Virginia to gather and discuss information on various topics related to the environmental review (see attached). The proposed meeting date is Thursday, April 17, 2008 at 100pm. We will notify you once we locate a suitable venue downtown (first preference).

Also, the NRC is inviting you to participate in the Site Audit and public scoping meeting on the NAPS, Unit 3 COL application scheduled for week of April 14 and April 16 at 7:00pm, respectively. A DRAFT detailed site audit scheduled is also attached.

Please feel free to invite others in your agency who will participate in the review of future NEPA and CZMA document and will benefit from these early planning efforts. Please respond ASAP so we can arrange a meeting room. RSVP to our Division Secretary, Valerie Fulcher at [vafulcher@deq.virginia.gov](mailto:vafulcher@deq.virginia.gov) Thanks.

If you have any questions please feel free to contact Alicia Williamson at the NRC, 301-415-1878 or [alicia.williamson@nrc.gov](mailto:alicia.williamson@nrc.gov)<<mailto:alicia.williamson@nrc.gov>>.
