Public Scoping Meeting to Discuss Environmental Issues Pertaining to
the Combined License Application for North Anna Power Station, Unit 3

April 16, 2008
7:00 p.m.
Open House 1 Hour Session

[North Anna Unit 3 picture goes here]

The U.S. Nuclear Regulatory Commission's Public Scoping Meeting on Environmental Issues Pertaining to the Proposed Combine License Application for North Anna Power Station, Unit 3

The U.S. Nuclear Regulatory Commission (NRC) is gathering information necessary to prepare an environmental impact statement (EIS) in support of the proposed combine license (COL) for North Anna Power Station, Unit 3.

The NRC is holding a public meeting to help identify significant environmental issues related to the COL proposed to be located at the North Anna Power Station near Mineral, Virginia. In addition, the meeting will provide an opportunity for interested members of the public to submit comments or suggestions on the proposed scope of the staff's environmental review.

The meeting will be held at:

Louisa County High School
757 Davis Highway
Mineral, Virginia 23117

7:00 p.m.

Wednesday, April 16, 2008

This meeting will be preceded by a 1-hour open house during which members of the public may meet with NRC staff members.

The public comment period on the scope of the staff's environmental review ends on May 16, 2008.

A copy of the COL application can be viewed at the following local libraries: Jefferson-Madison Regional Library in Mineral, Virginia; Hanover Branch Library in Hanover, Virginia; Orange County Library in Orange, Virginia; Salem Church Library in Fredericksburg, Virginia; and C. Melvin Snow Memorial Branch Library in Spotsylvania, Virginia.

A copy can also be obtained on the NRC's public website at <http://www.nrc.gov/reading-rm/adams.html>, under Accession Number, ML073321238, or at the NRC's public website at <http://www.nrc.gov/reactors/new-licensing/col/north-anna.html>

For additional information, call the NRC at (800) 368-5642, extension 1878 or 2220.
