Adam

Attached is the NAPS news ad. I made a few changes please let me know if there is any problem with the changes. My only question about the ad is regarding the photo. I would like to use the artist rendering which includes Unit 3. It should be included either in the COLA or ESP application. If the photo is not available or too big for the ad, then we should go ahead and delete the pic.

Any questions, let me know.

Thanx

Alicia
