Aww another exception to the meeting rule.
Thanx for your support. I will have EPM updated as appropriate.

Alicia,

Weijun Wang is your POC. Note that we provide minor support and do not go to meetings, etc. We just do a quick sanity check on the DEIS and EIS.

Doug-

I think were on the same page for the most part. I think the only exception would be support for the environmental public meetings. If we require attendance at the public meeting from some in Security would Will Smith be the POC? As an FYI, if we do not require assistance from your branch we will not use the resource.

Thanx

Alicia

The security point-of-contact is Will Smith at ext:6144. My understanding is that security is not involved in the Environment review. If this is not correct please advise and we can discuss further.

Thanks,

Doug

The NPLS branch has suggested that I contact each of you regarding who from your branch would be the designated

EPM resource for the North Anna environmental review (see list below). At this time, it is unclear to me exactly how many of your branches will contribute to the environmental review. The only exception I could think of was for representatives from your branches to attend environmental public meetings.

I spoke to NPLS about just using whomever the North Anna Safety review has designated, but concluded I should send an email to confirm if this is okay.

If this is okay with you, please respond or if you have someone else in mind I could provide to NPLS, I would greatly appreciate it.

Thanx for your patience and give me a call if you have any questions.

Thanx

Alicia Williamson
