Alicia,

As Kevin indicated, Bruce Musico is the Lead Reviewer for Emergency Preparedness (EP) for the North Anna COL. He, or someone from my team, will be at the Scoping meeting to address EP questions and concerns.

Please keep Bruce and I included in appropriate correspondence for this.

Thanx for the response.
We are in the process of setting up the public meeting for North Anna COL.
Attached is the travel logistics. Should I go ahead and forward to Bruce Musico?

Bruce Musico is the POC for NSIR/DPR/LIB/EP. It is my understanding that our contribution would consist of attending the public meetings.

The NPLS branch has suggested that I contact each of you regarding who from your branch would be the designated EPM resource for the North Anna environmental review (see list below). At this time, it is unclear to me exactly how many of your branches will contribute to the environmental review. The only exception I could think of was for representatives from your branches to attend environmental public meetings.

I spoke to NPLS about just using whomever the North Anna Safety review has designated, but concluded I should send an email to confirm if this is okay. If this is okay with you, please respond or if you have someone else in mind I could provide to NPLS, I would greatly appreciate it. Thank you for your patience and give me a call if you have any questions.

Thank you

Alicia Williamson
