Laura - for the immediate time, please use the list below as amended from what you had. I'm sure it will change or have additions as the review progresses or based on subject matter need. Rather than providing an org chart like you were able to for me, I've listed the first few names associated with the environmental review somewhat in order of heirarchy.

These are Dominion staff only, we also have contractor support. Other contacts are available again depending on need. Let me know if you have any questions. Pls acknowledge receipt. Thanks -
