Dear Mr. Denton:

Your letter to W. F. Willis dated September 26, 1985 requested copies of investigation reports and related documents dealing with potentially safety-related employee concerns on TVA's nuclear plants. Copies of the requested information as outlined in TVA's October 7, 1985 letter are being transmitted as enclosures 1 through 4 and covers the period of March 13, 1986 through March 19, 1986.

Enclosure 1

Investigation Reports prepared by Quality Technology Company and not reviewed by the Employee Concern Task Group (ECTG).

Enclosure 2

Investigation Reports prepared by the Nuclear Safety Review Staff (NSRS) and not reviewed by the ECTG.

Enclosure 3

Responses to Investigation Reports submitted by the line organization and not yet reviewed for acceptability.

Enclosure 4

New K-forms received by the ECTG and not yet assigned for investigation.

No corrective action responses with NSRS evaluations were received.

Employee Concern Summaries

The past two weekly submittals (March 7 and March 14, 1986) have included copies of the Employee Concern Summaries for active concerns identified through the new Employee Concern Program started February 1, 1986. This list of summaries is cumulative and will not change greatly from week-to-week. We, therefore, plan to submit this list monthly. We will skip this week (March 21, 1986) and submit a listing next week (March 28, 1986). Thereafter, we will submit it the last week of every month. Please advise R. F. Campbell at FTS 858-4892, if you have any questions concerning this matter.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
