ALL PLANTS - MANAGEMENT DEVELOPMENT AND TRAINING

In S. A. White's letter to B. J. Youngblood dated September 26, 1986, TVA addressed various concerns identified by the ACRS in their August 12, 1986 letter from David A. Ward to Chairman Lando W. Zech, Jr.

ACRS concern number 1 dealt with TVA's need for a management development plan. At that time, TVA's Corporate Nuclear Performance Plan (CNPP) did not describe or express an intent on management development. The CNPP has since been revised and specifically addresses TVA's plans with respect to management development and training. As such, TVA's CNPP, Revision 4, dated March 26, 1987, replaces and supersedes in total TVA's response (content and scheduled dates) to ACRS concern number 1 given in the September 26, 1986 letter to B. J. Youngblood.

Very truly yours,

TENNESSEE VALLEY AUTHORITY

R. Gridley, Director  
Nuclear Safety and Licensing
