

Dear Dr. Shirley Ann Jackson

Will
B

Please do not issue a full operating license to Watts Bar nuclear plant in Spring City, Tennessee. There's been a history of safety hazards and it's already cost tax payers 8 billion dollars. I'm a youth of the United States of America, and I care about our earth, and for that reason I can't stand by and watch our planet be destroyed. Please don't issue a full license. Watts Bar is a lemon.

Sincerely,

Brandon Wright
