Afternoon,

The NRC staff has completed its acceptance review of the Millstone 1, 2 & 3 Delta Blu Suit request, submitted by your staff on June 20, 2008, and has concluded that there is sufficient technical information in scope and depth to allow the NRC staff to complete its detailed technical review. If additional information is needed for the NRC staff to complete its technical review, you will be advised by a separate correspondence.

Please contact me if you have any questions.

Thank you,  
Carleen Sanders
