SUBJECT: NRC RESPONSE TO THE PCI ENERGY SERVICES AUGUST 6, 2008,
LETTER REGARDING NRC INSPECTION REPORT 99901374/2008-201

Dear Mr. Okolita:

Thank you for your letter dated August 6, 2008, in response to the Notice of Violation (NOV) and Notice of Nonconformance (NON) that were discussed in the U.S. Nuclear Regulatory Commission (NRC) Inspection Report 99901374/2008-201 for an NRC staff inspection at the PCI Energy Services, LLC (PCI) facility in Lake Bluff, Illinois. The NRC inspection was a limited scope inspection which focused on selected portions of PCI's Quality Assurance program and PCI's 10 CFR Part 21 program. NRC inspection reports are not intended to endorse or approve quality assurance or 10 CFR Part 21 programs.

We have reviewed your letter and find that your reply to the NOV and the NON was responsive to our concerns. We have no further questions regarding the notices. We may review the implementation of your corrective action during a future NRC inspection to determine that full compliance was achieved and will be maintained.

In accordance with 10 CFR Part 2.390, "Public inspections, exemptions, and requests for withholding," a copy of this letter will be placed in the NRC's Public Document Room. If you or your staff has any questions regarding this matter, we will be pleased to discuss them with you. Please contact Mr. Joseph Petrosino at (301) 415-2979 if you have any questions or need assistance regarding this matter.

Sincerely,
