RE: DOCKET NRC-2008-0419; NOMINATION FOR PARTICIPATION IN  
ROUNDTABLE DISCUSSION

Dear Sir:

In accordance with the Federal Register Notice in Vol. 73, No. 148, Thursday, July 31, 2008 for the referenced docket "Request for Comments on the Security and Continued Use of Cesium-137 Chloride Sources and Notice of Public Meeting," the Health Physics Society (HPS) is nominating me, Richard E. Toohey, President, for participation in the roundtable discussion on 29-30 September 2008.

The HPS, [www.hps.org](http://www.hps.org), is a nonprofit scientific professional organization of approximately 5000 members whose mission is excellence in the science and practice of radiation safety. Society members are involved in understanding, evaluating, and controlling the potential risks from radiation relative to the benefits, and we represent a significant number of the radiation safety officers for the cesium-137 chloride sources that are the subject of this roundtable discussion. The HPS has had a position on the use of alternative technologies in place of radioactive sources since April 2000, including a position on a regulatory system to implement alternative technology evaluation and use where applicable.

I may be contacted at the address, numbers and email given in the letterhead above.

I look forward to your notification of my participation on behalf of the members of the HPS in the roundtable discussion.

Sincerely,

Richard E. Toohey, PhD, CHP

**After printing this label:**

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

**Warning:** Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$500, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.
