Gentlemen:

In the Matter of)
Tennessee Valley Authority) Docket No. 50-390
50-391

WATTS BAR NUCLEAR PLANT (WBN) UNIT 1 AND 2 - SECURITY PERSONNEL
TRAINING AND QUALIFICATION (T&Q) Plan

Pursuant to 10 CFR 50.54(p), this letter provides Revision 1 to the WBN T&Q Plan which supersedes the T&Q Plan dated April 1, 1994, and subsequently submitted April 21, 1994. Revision 1 incorporates the necessary changes to implement the Contract Guard Service, reformats the plan in its entirety, and makes minor editorial changes. TVA has evaluated these changes and does not consider these revisions to decrease the overall effectiveness of the security plan. The T&Q Plan was reviewed by NRC Inspector D. Thompson during the inspection conducted on March 1-3, 1998.

Enclosed are four copies (Nos. 6 through 9) assigned to the NRC. Copies 10 and 11 are being provided to Region II by copy of this letter. The information is being sent by certified mail, and the signed receipt will signify NRC's receipt of this information and acknowledged that it contains safeguards material to be protected in accordance with 10 CFR 73.21, "Requirements for the Protection of Safeguards Information." This receipt will also provide verification to TVA that the superseded WBN T&Q Plan, dated April 1, 1994, will be destroyed and replaced by the enclosed T&Q Plan, Revision 1.
