Robert Murillo Licensing Manager Waterford 3

W3F1-2008-0058

August 28, 2008

U.S. Nuclear Regulatory Commission Attn: Document Control Desk Washington, DC 20555

SUBJECT:

Submittal of Owner's Activity Report Form for Inservice

Inspection Performed During Operating Cycle 15

Waterford Steam Electric Station, Unit 3

Docket No. 50-382 License No. NPF-38

#### Dear Sir or Madam:

Attached is the subject report which covers the Owner's Activity Report Form, OAR-1, for Waterford 3 Operating Cycle 15, enclosed as Attachment 1. This report is being submitted in accordance with ASME Code Case N-532-4, "Repair/Replacement Activity Documentation Requirements and Inservice Summary Report Preparation and Submission," which was adopted for use at Waterford 3 commencing prior to Refueling Outage 15.

The OAR-1 form is prepared and certified upon completion of each refueling outage and submitted within 90 calendar days of the completion of the refueling outage. This OAR-1 form provides: (1) a listing of items with flaws or relevant conditions that exceeded the acceptance criteria of Division 1 and that required evaluation to determine acceptability for continued service and (2) an abstract for repair/replacement activities that were required due to an item containing a flaw or relevant condition that exceeded Division 1 acceptance criteria. A copy of this letter and the attached report will also be submitted to the office of the Louisiana State Fire Marshall.

There are no new commitments contained in this submittal.

Please contact Robert J. Murillo, Manager, Licensing at (504) 739-6715 should you have any questions regarding this submittal.

Very truly yours,

RJM/RLW/ssf
