I just got off the phone with Phil Meyer. He will be sending comments on the pSER for North Anna. Our submittal to the pSER consisted of a template that NRC had prepared and portions of the docs that you had prepared (Steve/Cheegwan on 2.4.2 and Phil on 2.4.12 and 2.4.13). We will need to revise the pSER for Chris as promptly as possible. Clearly 2.4.12 and 2.4.13 are still open. However, I believe 2.4.2 is closed. But before we finalize this I'd like to have a LiveMeeting to discuss this with ourselves and PNNL.

There are a couple of areas that we'll need to explicitly address. The ESP COL Action Items and the ESP Permit Conditions need to be explicitly addressed. I'll help you through these. We'll need to make sure that the 'no release' Permit Condition associated with 2.4.13 includes mention of the manner that the commission revised it.

I expect Chris to send me the markup later today or tomorrow. I'll follow with more directions.
